# Holistic Education

Co-curricular Activities (CCAs) are an important part of the holistic education experience for students at Punggol Secondary School. Hence, **every student has to take part in at least one CCA**, which can be a sport, uniformed group, performing art or club & society.

Participating in CCAs enable students to:

- **Forge meaningful friendships**
- **Learn or build on a skill**

# CCAs offered at Punggol Secondary School

- For a better understanding about the range of CCA experiences our school offers, students are encouraged to refer to the following videos links, speak with seniors, participate actively during CCA Fair, attend CCA trials to gain an understanding of themself and also identify which CCA matches their personal aspirations, interests and abilities most.
- This will give students the confidence to commit to the CCA of their choice, where they will forge close friendships and make meaningful memories in their vibrant secondary school life.
